Opal Coffee
Specialty Green

HISTORY

Vasandh estate is located in the famed Baba Budan hills (Baba Budangiri, the birth place of coffee in India) near Chikmagalur district in Karnataka state. Cradled in lush natural surroundings, this well-established plantation has been producing quality coffee for decades and is committed to an eco-friendly environment.

It is also known for its unique and varied flora and fauna.

Opal Coffee
Specialty Green

HISTORY

Besides growing coffee, the estate intercroops cardamom, pepper, bananas and oranges. Vasandh Estate also has abundant reserves of timber — rosewood and silver oak among the varieties, providing shade for their coffees.
